To be clear, this “**Agreement**” shall mean this document, any applicable addendums, any mutually agreed statements of work issued under this Agreement, and any outstanding Order(s). This Agreement shall stay in place for so long as services are provided to you.

The software provided to You under this Agreement for use in connection with the Services (“**Software**”) is licensed to You and not sold. Subject to compliance with this Agreement and payment of all applicable fees, We are hereby granting to You a non-transferable, non-sublicenseable, non-exclusive, royalty free license to use the Software in a fully assembled state during the Term solely for Your own internal business use and not for any improper purpose including but not limited to misappropriation of Our intellectual property or the building of a competing product.

2. Deliverables to Customer.

- A. Specific Rights.** Pursuant to this Agreement You get the right to own hardware, you are licensed Software, and you are given recurring access (via subscriptions) to the relevant system(s). You may also request, from time to time, on mutually agreed terms, customized professional or field services. The hardware, Software, subscriptions and professional and field services all together are referred to herein as the “**Service**”. The Service combines web-based software with GPS and/or other wireless devices to allow You to locate, track, and manage assets around the world. We will provide You with access to the Service via the internet or, if desired, through connection to Your applications or systems. The Service does not include perpetual monitoring of Your device’s battery health and physical status by Geoforce. Further any modifications to Your data feed configurations after initial set up required as a result of Customer initiated changes are not included in the Standard Service.
- B. Term.** These Terms and Conditions continue for so long as You order any Service on any Quote. The initial term of any Quote (the “**Initial Term**”) shall be as set forth in the Quote or, if none, then 12 months following the service start date for a Traditional Purchase Model (as defined in Section 2C. below) order or 36 months for a GAAS (as defined in Section 2C. below) order unless otherwise agreed in a mutually signed writing. Upon expiration of the Initial Term, the Order shall automatically renew as set forth in the Quote. If not specified in the Quote the renewal shall be on a month to month basis (each, a “**Renewal Term**”). “**Term**” is defined as the Initial Term plus any Renewal Terms.

However, a Quote can be non-renewed by giving 30 days’ notice prior to the end of the current Term. In addition, either Party can terminate any Order at any time for material breach of the Order or this Agreement and (if such a breach is remediable) the failure of the breaching Party to begin to remedy that breach within ten (10) days of receipt of notice in writing of the breach and failure to cure within 30 days. A breach of the Agreement by any of your affiliates shall be considered a breach by You.

- C. Billing Options Available.** You have two billing options available. You may purchase your hardware outright and pay for subscriptions to Our Service with a traditional time-bound warranty (minimum one year extendable at additional cost) (our “**Traditional Purchase Model**” aka “**TPM**”) or you may purchase our “**Geoforce as a Service Model**” aka “**GAAS**” model where you get to utilize our hardware and Services for so long as you pay subscriptions with Our Device Assurance guaranty (i.e. perpetual warranty) for the life of your Service. Prices are those then in effect unless otherwise mutually agreed in writing.
- D. Payment Terms.** All prices are due in US dollars or the currency in which the Geoforce affiliate is located. Each fee is exclusive (meaning such other costs shall be added to the price of the Service) of any applicable taxes and shipping and handling costs for delivery beyond make ready at our dock (i.e. Ex Works Geoforce). If a sale is for delivery outside of the US, such additional charges may also include any applicable withholding tax, and/or VAT/GST or sales tax, customs charges, import/export charges and any other fees, taxes costs or charges applicable to the Services. The price, shipping and handling costs, and any applicable fees and taxes are referred to collectively as the “**Fees**” or “**Price**”. Unless otherwise agreed in writing, payments are due net 30 and pursuant to the terms of any relevant Order and, (if for sales outside the US), will be calculated based on the exchange rate in effect as of the date of invoice as determined in Our sole discretion.

Any amount not paid on or before the due date (to the extent such amount is undisputed or is determined to be owing to Geoforce following a dispute) shall bear interest at a rate of 1.5% per month, or the maximum allowed by law, whichever is less, calculated from the date payment is due until the date payment is made. If an undisputed invoice for services remains unpaid for 30 days after its receipt, You are subject to immediate loss of any applicable volume or other discount to list price for the invoice at issue.

- E. Early Termination Buy Out Right.** We are looking forward to a long-term relationship. However, if you need to terminate our relationship early without cause, You may exercise Your right to a buy-out of your contract for 100% of the remaining

subscriptions owed for the current Term. If you properly terminate for cause in good faith then the buyout does not apply.

- F. **Follow On Orders.** You may order additional hardware or purchase additional Services during the Initial Term. After the Initial Term or any Renewal Term, We reserve the right to increase Our prices and to provide Service only upon mutually agreeable terms.
- G. **Delivery Arrangements.** Delivery terms are ex-works Geoforce meaning while We will be pleased to make arrangements on Your behalf, You will be billed for shipping costs for delivery from our dock to your requested delivery site unless you would like to send someone to pick up your delivery. We shall take all reasonable commercial efforts to endeavor to ship hardware on or before the earlier of the date specified in the applicable Order or a date equal to four weeks after receipt of a final and signed Order ("**Delivery Date**"). However, the Parties understand that all Delivery Dates are estimates only. If We are physically delivering the devices as well as installing the hardware within the US, Australia, Brazil, or Canada ("**Geoforce Location**") title is instead transferred upon the date that the installation of hardware is complete (or the date offered to be completed by Us, if earlier). In the event You need delivery outside Geoforce Locations we will be glad to assist you as your agent in exporting and importing the devices on your behalf.
- H. **Availability of Service.** Web and data services provided will generally be available 99.9% of the time on a monthly basis (the "**Service Level**"). We will use all commercially reasonable efforts to maintain the Service Level. If We are unable to provide the Service Level for a commercially reasonable period of time, You may cancel the affected Service, without further payments, if We were given a commercially reasonable period of time to provide a reasonable remedy. The Service Level only covers Software and Geoforce web-based systems and excludes downtime caused by the following: routine scheduled maintenance, hardware related failures outside of the conditions covered under any hardware warranty or maintenance service, third party applications, and for any events under Section 6E.

The Indemnified Parties maintain the right, at their discretion, to assume or participate, at the other Party's expense, in the investigation, settlement and defense of any action or claim to which they are entitled to indemnification. No such claim shall be settled without the Indemnified Parties' prior written consent unless such settlement includes a complete release of the Indemnified Parties from all liability and does not contain or contemplate any payment by Indemnified Parties or contain any injunctive or other equitable relief binding upon Indemnified Parties brought or asserted by a third party against the Indemnified Parties for injury to or death of any person or persons. We shall further defend and indemnify You against intellectual property infringement claims brought by third parties in respect of the Service.
- D. Method of Performance.** We subcontract Our contract manufacturing for our proprietary products and we are authorized resellers of various products. We also retain consultants from time to time to assist in developing our intellectual property. However, We never subcontract out any Service other than device installations from time to time.

If either party has the right under this document to be reimbursed or indemnified by another party for a cost incurred in connection with this agreement, that reimbursement or indemnity excludes any GST component of that cost for which an Input Tax Credit may be claimed by the party being reimbursed or indemnified or other person entitled to the Input Tax Credit (if any). All capitalized terms used in this clause have the meaning given in the *A New Tax System (Goods and Services Tax) Act 1999* (Cth).
- H. Deletion of Provisions Does Not Negate Agreement.** If any provision(s) of this Agreement are held by a court of competent jurisdiction to be contrary to law, then such provision(s) shall be construed, as nearly as possible, to reflect the intentions of the Parties with the other provisions remaining in full force and effect. Any failure to exercise or enforce any right or provision of this Agreement shall not constitute a waiver of such right or provision unless acknowledged and agreed to in writing by Geoforce.
- I. Mutual Assignment Rights.** Either Party may, without the prior consent of the other, assign all of its rights under this Agreement to a financially solvent affiliate or a purchaser of all or substantially all the assets or equity of their company. This Agreement shall be binding and inures to the benefit of the Parties and their respective successors and permitted assigns.

J. Dispute Administration

- 1. **Arbitration for Most Disputes.** All disputes (except those related to intellectual property matters or licensing and confidentiality matters which shall be litigated) between the Parties arising out of this Agreement will be fully and finally settled (all appeals are hereby waived except errors as to law) by arbitration according to the Commercial Arbitration Rules of the American Arbitration Association as may be amended from time to time. The Parties agree that the courts may grant injunctive relief and/or enter judgment on any award hereunder.
- 2. **Administrative Issues.** The prevailing Party in litigation or arbitration shall be entitled to attorneys' fees and costs (including collection costs). The Parties hereby expressly consent to a) service of process being effected upon them by registered mail, and b) the uncontested enforcement of a final judgment or award in any other jurisdiction wherein it or any of its assets are present.

If any Federal Executive Agency, Federal Legislative Agency, or Federal Judicial Agency has a need for rights not conveyed under the terms described in this section, it must negotiate with Us to determine if there are acceptable terms for transferring such rights, and a mutually acceptable written addendum specifically conveying such rights must be included in any applicable License to be effective. This section is in lieu of, and supersedes, any other FAR, DFARS, or other clause, provision, or supplemental regulation that addresses government rights in computer software or technical data under this Agreement.

Geoforce and Purchaser each agree to provide the other information, support documents, and assistance as may reasonably be required by the other in connection with securing authorizations or licenses.

(g) U.S. Government End User Purchasers. The Software and Documentation qualify as "commercial items," as that term is defined at Federal Acquisition Regulation ("FAR") (48 C.F.R.) 2.101, consisting of "commercial computer software" and "commercial computer software documentation" as such terms are used in FAR 12.212.
